

## Support a strong climate law

Dear \_\_\_\_\_ MP

Last year around two-thirds of MPs called for a Climate Change Bill with annual targets to reduce the UK's carbon emissions. If you were one of them, thank you. This year your vote can ensure the Bill is strong enough to meet our climate challenge. The Bill must:

- cut emissions so that the UK does its fair share to prevent dangerous climate change
- introduce an annual carbon budget and report on progress
- require Ministers to take action if emissions go off track

As a group based in your constituency, we hope you can assure us of your support for such a Bill.

Yours sincerely,
