

A strong climate law?

Let's make it happen

Support a strong climate law

Dear _____ MP

Last year around two-thirds of MPs called for a Climate Change Bill with annual targets to reduce the UK's carbon emissions. If you were one of them, thank you.

This year your vote can ensure the Bill is strong enough to meet our climate challenge. The Bill must:

- cut emissions so that the UK does its fair share to prevent dangerous climate change
- be clear what must be achieved each year, and require annual progress reports
- require Ministers to take action if emissions go off track

Please assure me of your support for such a Bill.

Yours sincerely,
