the Earth**

[YOUR CONTACT DETAILS]

[DATE]

Dear [Teacher's Name],

RE: *Shout about Climate Solutions* (DATE)

Your local [LOCAL GROUP NAME] Friends of the Earth Group would like to inform you about an annual event for 11 – 13 year olds that is concerned with getting children interested and involved with Climate Change Solutions. The Stern Report and the creation of a Climate Change Bill are two current responses to increasing evidence that Climate Change is the biggest threat to human kind. The lives of our children will be increasingly affected by the effects of climate change and that is why they need to be informed about the threats which human kind faces.

From [DATE], more than 2000 schools will participate in the Friends of the Earth's *Shout about Climate Solutions* week by focussing on Climate Change in a variety of subjects, such as Citizenship, Geography, Sciences and Art. We would like to invite your school to be one of the many new participants in this year's event. Enclosed you will find some information about the event and information for lessons provided by Friends of the Earth.

Please contact me if you are interested in participating this year. I would be happy to put you in touch with some of Friends of the Earth's local youth workers who will help you to plan or deliver a session or share experiences from past events I organised in my own school. You can order a free *Shout about Climate Solutions* pack on www.foe.co.uk/learning/educators/.

[LOCAL GROUP NAME] Friends of the Earth hope you had an enjoyable summer and wish you all the best for the start of the academic year.

Yours sincerely,

[NAME]
(Local Group Co-ordinator)
