Please display on noticeboard

Climate change? Not in my back yard.

Your school and local community can change the world – to find out how, take part in a special week of activities from 2-6 March 2009.

Sign up now to receive a **free** action pack that will show your pupils how to stop global climate change by making the right choices at home and in their local community.

The pack includes an interactive whiteboard resource plus a range of great lesson ideas that will make it easy for you and your pupils to take part.

Specially created to fit with the National Curriculum for Key Stage 3: 11-13 year olds.

- Information
- Lesson plans
- Activity sheets
- Whiteboard resource

To order a free Shout about pack, go to:

www.foe.co.uk/learning/educators/

Registration is quick and easy, so beat the rush and sign up now. Packs will be sent out from October 2008.

Friends of the Earth's Youth and Education Programme provides a range of publications exploring sustainable development, citizenship and environmental issues, designed to be used within a class, youth group or by individual young people.

Why not read our other education publications?
For details telephone 020 7490 1555 or write to:
Publications Despatch, Friends of the Earth,
56-58 Alma Street, Luton LU1 2PH

Shout about is a brilliant initiative.

David Knight, Carnyorth Environmental Education Centre.

Every child will have been touched by the activities running during Shout about week and that's not something you can say at the end of every school week.

Jo Mullis, head teacher
Mountfichet College.

It's a crucial time to understand exactly what climate change will mean for people of my generation.

Harpreet, pupil, Villiers High School, London.

Making life better for people by inspiring solutions to environmental problems
