

Sponsoring Group Privacy Policy – written by Friends of the Earth

Introduction

When you opt in to receive communications from the group sponsoring this action your personal data will be held securely by the owner of an online organising platform (from here on referred to as the Platform) with which Friends of the Earth has a contractual arrangement.

Common scenarios

By default, when you opt in to receive communications from the group sponsoring the action, your data will be held securely by the Platform owner. See the Platform Privacy Policy - <https://actionnetwork.org/privacy> - for more specific information on this. As this service is currently being developed, the sponsoring group may remove data from the Platform at the end of this period. Friends of the Earth cannot be responsible for the theft, destruction or inadvertent disclosure of your personal information whether it is held online or offline.

Sharing data with Friends of the Earth

Through the system manager, your data can be accessed by Friends of the Earth but they will not pass on your details anywhere else nor use them to get in touch with you. If the option to opt in to communications from Friends of the Earth exists there will be a specific checkbox that explicitly references Friends of the Earth and the specific communication channel that is relevant. In this case the following privacy policy will be relevant: https://www.foe.co.uk/privacy_policy

Friends of the Earth takes steps to ensure that access to personal information is restricted to employees who need it. All Friends of the Earth employees who handle personal information are kept up-to-date on our security and privacy practices. Our employees are notified and reminded about the importance we place on privacy, and what they can do to ensure your information is protected.

Friends of the Earth cannot, however, be responsible for the theft, destruction or inadvertent disclosure of your personal information whether Friends of the Earth hold it online or offline.

How is the information used

By default you are not subscribed or opted into communications from anyone. If you indicate that you are interested in being communicated with by the sponsor of the action then they may communicate with you via the communication channel agreed in the opt-in statement. This is to let you know about similar things you might be interested in, results of campaigns and updates. This is down to the discretion of the sponsoring group. You can unsubscribe at any time. If you indicate that you are interested in being communicated with by Friends of the Earth then the following privacy policy will be relevant: https://www.foe.co.uk/privacy_policy

Privacy Policy for Minors

Please see the relevant PPP above for details of Platform-specific Privacy Policy provisions relating to minors. The protection of children is very important to Friends of the Earth Limited as the ones powering the tool. If you are under 18, please do not provide us with any personal information. Children

should always ask a parent or guardian for permission before sending personal information to anyone online.

Cookies

Please see the relevant PPP above for details of Platform-specific use of cookies.

Changes

We may make changes to this Policy from time to time. If we change our Privacy Policy we will post the changes on this page. Please revisit the policy each time you consider giving personal information.
